Explanation:

https://docs.vmware.com/en/VMware-Workspace-ONE-UEM/services/Android_Platform/GUID-AndroidE nrollmentEnrollmentConcept.html

3.Administrators have noticed that all iOS devices are not checking into Workspace ONE in their SaaS environment. They are also unable to send any push notifications to the iOS devices. However, Android and Windows devices are working fine.

What can the administrator do to resolve the issue?

A. Make sure that the Rest API and SOAP API certificate are valid.

B. Make sure that all SSL certificates used for the Workspace ONE environment are valid.

C. Make sure that the APNs certificate is valid and not expired.

D. Make sure that the Email Notification Service v2 is configured.

Answer: B

Explanation:

Reference: https://kb.vmware.com/s/article/2960930

4.You are an administrator configuring custom reports in Workspace ONE Intelligence.

What is the maximum number of custom reports you can create per Organization Group (OG)?

A. 10

B. 50

C. 99

D. 500

Answer: B

Explanation:

https://docs.vmware.com/en/VMware-Workspace-ONE/services/intelligence-documentation/GUID-28_int el_reporting.html#limits-to-the-number-of-reports

Limits to the Number of Reports You can create and run up to 50 reports for each organization group (OG).

If you have 50 reports in an OG but you need another unique report, you must delete a report to make space.
